

Microline Dot Matrix Printer

ML1120 9-Pin Dot Matrix Printer

A low cost, high volume 9-pin printer with proven reliability.

Small in size, these incredibly reliable dot matrix printers give you all the compatibility of the leading competition, but with the added reassurance of OKI Printing Solutions' renowned reliability in the SIDM market. Perfect for businesses that demand value for money, but don't want to compromise on price or performance.

Highlights:

- Affordable printing solution
- 4 million character ribbon life
- 9-pin print head with OKI Printing Solutions reliability
- Up to 330 characters per second print speed
- High duty cycle and low maintenance means more productivity
- 10% faster than the leading competitors
- Zero Tear Capability prevents waste
- USB as standard for even more flexibility

ML1120

		ML1120
